Washington County Sheriff Search and Rescue Teams

East and West Ground (Based on members residential address)

<u>Mission:</u> Search and Rescue is the search for, and provision of aid to, people who are in distress or imminent danger. Ground team members will be trained in the various ground SAR techniques and should be skilled in land navigation, proper and safe driving, man tracking, lost subject behavior, clue location & preservation, CPR/First Aid, and communications protocols. Conduct searches in both rural and urban environments by foot, on ATV or by 4x4 vehicle as required. Be prepared to deployed in very difficult locations and all weather environments. Be involved in many roles in a SAR incident including litter bearer, radio relay, re-supply, navigation assistant, etc. Provide support as needed to our specialty teams.

Equipment Needs: Radio, GPS, Ground Pack (load bearing of sufficient size to fit all equipment), Survival/First Aid equipment, Self-Rescue, Light Sources, Clothing & Personal Protective Equipment, Shelter, Food & Hydration and additional mission specific supplies as needed. Search vehicles including Jeep/4wd vehicles and ATV's are not required but highly recommended.

High Angle Rope/Mountain Rescue Team:

<u>Mission:</u> High Angle responds to subjects stranded on cliffs, fall victims, and searches in difficult terrain. They rappel into slot canyons, perform cave rescues and technical raises and lowers. The High Angle Team members must be in good physical condition, be able to work in close spaces, in all weather, and with limited equipment and resources.

Equipment Needs: GPS, radio, High Angle Pack, personal ropes, carabiners, harness, light sources, clothing and personal protective equipment, food and hydration, and survival/First Aid equipment.

SAR Dive Team:

<u>Mission:</u> The SAR Dive Team responds to drownings, missing person on or near water, in water vehicle and boat recoveries. The Dive Team provides water safety at Triathlons and other water events. They perform underwater photography, video, and crime scene investigations. Members must be Dive Rescue Certified to join the team. Members must be able work in hostile weather and water environments.

Equipment Needs: Basic Scuba gear, Regulators, B.C., Tank, Wet or Dry Suit, Hood, Gloves, Mask, Fins, and Weights. Radio, GPS, and Day pack for deployment. Personal gear, clothing, light sources, and survival items.

Swift Water Team:

<u>Mission:</u> SAR Swift Water deploys to flash flooding and potential flooding in the communities. They are trained in water hazards, water behavior and dynamics, shore and in water rescue techniques, water safety, and basic rope rescues.

Equipment: Basic rescuer gear; Type 5 PFD, Throw Bag, Helmet, carabiner, light source, water shoes/boots, wet or dry suit. Basic gear bag and day pack for deployment.

SAR Emergency Medical Team (EMS):

Mission: SAR EMS is a Utah Licensed Advanced Quick Response Agency. We provide medical care for victims and rescuers on search and rescue incidents. EMS must have the ability to respond to all types of call outs and in all weather conditions. Members must be currently licensed with the State of Utah as medical personnel. SAR EMS members need skills in all areas of SAR including; hiking, ATV/UTV operation, Basic Ropes, map reading/GPS, radio communications, and water rescues. Members must be able to work in challenging environments with limited equipment.

<u>Basic Equipment:</u> GPS, Radio, Ground Pack for deployment, Medical kit (Based on level of licensing/certification), Light sources, survival gear, and personal gear.

SAR K-9 Team

Mission: A K-9 Search & Rescue team consists of a K-9 Handler with basic SAR skills and a specially trained and mission ready K-9. K-9 Teams may deploy independently as needed, however often deploy in support of law enforcement and traditional Search & Rescue operations. K-9 teams support SAR efforts by deploying specially trained search dogs to locate lost or deceased subjects. Although K-9 teams often deploy with support SAR personnel, handlers must be self-reliant and trained and proficient in basic SAR skills. The specialized K-9 training includes: Wilderness area search (lost or deceased subjects), Rural Tracking, Urban Tracking, Article/Evidence location, Water search, Cadaver and Human Remains Detection. K-9 handlers must be committed to dedicating a significant amount of time and personal resources to train their K-9 partner and to maintain the high standard of qualification necessary to meet our mission ready certification standards.

Basic Equipment: K-9 with appropriate temperament trained for basic obedience and mission readiness, Skill specific K-9 equipment, K-9 First Aid kit, Radio, GPS, Pack for deployment, Survival/First aid equipment, Self-Rescue supplies, Light sources, Clothing and Personal Protective Equipment, Shelter, Food and Hydration, and additional mission specific supplies as needed.

Note:

All New SAR Members must complete the Utah Sheriff's Association Basic Search and Rescue Criteria/Training during their probation period.
